

Couple Honeymoon Trip

6 nights, 7 days

Overview

Whilst touring in Ladakh, the visitor has the chance not only to experience a unique way of life but also to see some truly Stunning Scenery, such as the lofty peaks of the Himalayas and Karakoram as well as the Beautiful Lakes of the Changthang. You may also spot some interesting and rare wildlife, as Ladakh is home not only to the elusive snow leopard but also many other types of wildlife.

And for Holiday in Leh Ladakh, it presents an astonishing landscape: Crumpled mountain ranges; the Earth's crust exposed as strata on their slopes with crisp snow-capped peaks jutting above; mountainsides of rock in startling hues of magenta green and orange, rising out of windswept plains.

All this is offset by river valleys and glittering lakes, their waters reflecting startling blue skies that clouds race to cross. The beautiful organic architecture of Ladakh seemingly reflects the natural shapes of the landscape, where buildings appear to have grown out of the rocks they stand on, merging perfectly with their surroundings.

And on this holiday in Leh Ladakh, you will realise that the pace of life is dictated by the Seasons rather than by the clock.
